

Protecting Your Confidential Health Information is Important to Us!

Notice of Privacy Practices

This notice describes how health information may be used and disclosed and how you can get access to this information. Please review it carefully.

Dear Patient:

This notice is not meant to alarm you. Quite the opposite! It is our desire to communicate to you that we are taking seriously Federal law (HIPAA- Health Insurance Portability and Accountability Act) enacted to protect the confidentiality of your health information. We never want you to delay your treatment because you are afraid your personal health history might be unnecessarily made available to others outside of our office.

Why do you have a privacy policy? Good question!

The federal government legally enforces the importance of the privacy of health information largely in response to the rapid evolution of computer technology and its use in healthcare. The government has appropriately sought to standardize and protect the privacy of the electronic exchange of your health information. This has challenged us to review not only how your health information is used within our computers but also with the internet, phone, faxes, copy machines, and charts. We believe this has been an important exercise for us because it has disciplined us to put in writing policies and procedures we follow to protect your health information when we use it.

We want you to know about these policies and procedures which we developed to make sure your health information will not be shared with anyone who does not require it. Our office is subject to State and Federal law regarding the confidentiality of your health information and in keeping with these laws, we want you to understand our procedures and your rights as our valuable patient.

We will use and communicate your HEALTH INFORMATION only for the purposes of providing your treatment, obtaining payment, conducting healthcare operations, and as otherwise described in this notice.

Your health information may be reviewed during the routine processes of certification, licensing or credentialing activities.
